

# 50Lakes Cabinet Design

"The 50 Lakes Cabinet Design team worked diligently to transform my blah, out-dated kitchen into a showpiece that has my visitors quite impressed. They cannot believe that the cabinets were refaced and not replaced.

Dave and Jackie handled so many details that I never would have considered like soft-close hinges (no more slamming cabinet doors) and the crown molding and hardware they picked out really finish off the look fabulously."

*Rick C., Boiling Spring Lakes, NC*

**Don't Replace...**  
**Reface!**

## Before

## Clean and Quick

With our refacing program, you can have a fresh new look to your cabinets with only **2-5 days of installation time** and none of those costly annoyances that go along with a full remodel or renovation; just brand new looking cabinets - all done in less than a week!

## After

## How We Work With You

You'll see from our first consultation that you have chosen the right team to give you the fresh new look to your cabinets.

- We learn about you, your tastes, and your style.
- We help you select your door style, wood species, finish, and accessories.
- We communicate with you so you understand how this all works.
- We work to get the job done on time and on budget, and with as little disruption to your family as possible.

## Get In Touch

Along with our **Free In-Home Consultation** mention this brochure and receive a 10% discount off of the cost of installation.
